Significant progress was made in 2014-2015 FY. I can attest to the continuation of the Community Foundation’s long tradition of excellence in its Board of Trustees and governance. Governance and leadership are critically important to any organization. Each BMCF Board Member is deeply involved in the community through serving on other nonprofit organization boards, as members of service clubs, through their businesses and as volunteers. In addition to Board meetings, every Trustee serves on at least one Board committee. Most Board members have participated in other Community Foundation activities along with staff such as attending Gates Foundation meetings in Seattle, joining staff on site visits and community meetings, and in myriad other ways. The Board and staff work together as a team for the good of our communities.

The list of accomplishments of the Community Foundation last year included several changes in its governance. Last year the Board affirmed new mission and vision statements, articulated basic values to guide our work and created two new Board committees – Development and Marketing and the Farm Committee. In addition, we conducted a search for a new auditing firm and after sorting through five very competitive bids, we decided to remain with Cordell, Neher & Company, PLLC of Wenatchee, our long-time auditor.

Calendar year 2015 is my last year on the Community Foundation Board of Trustees. After nine years, the last two of them as President, I can truly say this has been a meaningful, interesting and enriching experience.

CRAIG SIEVERTSEN
President
What do we mean by “significant progress”? Here are a few of the significant accomplishments of 2014-2015 FY. A new software system that saves $1,000 a month in operating costs, a new online application process that makes our scholarships and grants more accessible, the launch of a new website, a new bimonthly column about the Community Foundation and philanthropy in the Walla Walla Union-Bulletin, and renewal of the First Fruits grant from Vista Hermosa Foundation—the charitable arm of Broetje Orchards. This $100,000 grant was re-granted to local nonprofit organizations.

We also reached out to the communities in Garfield and Umatilla counties, establishing new funds, donors, grants and scholarships. Last year the Puget Sound Energy Lower Snake River Habitat Fund made its first grant for habitat in Garfield County. $10,000 was recommended by the local grant selection committee and approved by the BMCF board.

BMCF served as fiscal sponsor to the Walla Walla Pickleball Association for six new pickleball courts in Pioneer Park in Walla Walla. This amazing group of volunteers raised $127,000 in six months! Serving as a fiscal sponsor is one of many services the Community Foundation offers.

We are so grateful for the support of our community and the ability to be part of its betterment.

Executive Director’s Report

SUMMIT SOCIETY

The Summit Society recognizes individuals and couples who have named Blue Mountain Community Foundation as the beneficiary of any type of planned or deferred gift, including bequests. The purpose of the society is to thank those who have made these gifts as well as to encourage and inspire others to do the same.

ANNUAL REPORT 2015
Erika Ibarra-Perez, of Walla Walla, began her Freshman year at Washington State University the Fall of 2015. She plans to major in Chinese and Global Politics and hopes to one day work at the United Nations. If one learned English in three years as a teenager, majoring in Chinese doesn’t seem so difficult!

When Erika moved to Walla Walla, at the age of 14, she did not speak English. She struggled to adjust to school. Thanks to the support and assistance she received from teachers and aides, she earned her high school diploma.

Although Erika received several scholarships for tuition, including one from Blue Mountain Community Foundation, she needed to cover living expenses for her Freshman year. Throughout the summer, Erika arose between 3:00-4:00 a.m., six days a week, to harvest cherries, apples, and grapes. The very hot summer of 2015 was particularly tough on people harvesting in the Walla Walla Valley.

We are proud that Blue Mountain Community Foundation is part of Erika’s bright future due to the many kind and generous people who made the scholarship possible.

Improving the Health of Our Youth

Now beginning its 7th year, the Health Center at Lincoln High School in Walla Walla addresses the health concerns of nearly 30% of Lincoln students. This year the program was expanded to meet the mental health needs of the students and families of Blue Ridge Elementary School. A grant from Blue Mountain Community Foundation helped make this expansion possible. Three mental health counselors are now located at the school, and immediately began working with families.

One four-year-old preschooler had suffered from angry outbursts, and staff was at a loss as to how to help. She would hit and kick other children and even teachers. After play therapy sessions with a Health Center counselor and her mother, she became calmer in school and happier at home. She and her mother make use of the techniques learned in counseling and remind each other about how to help. She would hit and kick other children and even teachers. After play therapy sessions with a Health Center counselor and her mother, she became calmer in school and happier at home. She and her mother make use of the techniques learned in counseling and remind each other about how to help. She would hit and kick other children and even teachers. After play therapy sessions with a Health Center counselor and her mother, she became calmer in school and happier at home. She and her mother make use of the techniques learned in counseling and remind each other about how to help. She would hit and kick other children and even teachers. After play therapy sessions with a Health Center counselor and her mother, she became calmer in school and happier at home. She and her mother make use of the techniques learned in counseling and remind each other about how to help.

The Walla Walla Valley is home to many farms that can trace their roots to the late 1800s. The Valley is rich in many ways, including the productivity of the land, whether wheat, vegetables, fruit or wine grapes. Some farms produce an extra gift—scholarships!

The Community Foundation’s Lamar Farm dates back to 1863. Through his will, James N. Lamar made sure the farm remained in production, that the family name was kept alive, and that revenue from the farm supported scholarships.

Inspired by the success of this arrangement, the Community Foundation has begun a program encouraging gifts of agricultural land. Now, producers have the option of donating their land to the Community Foundation and dedicating its revenue to the good of the community in perpetuity. The family’s name will continue to be associated with the land and the land in perpetuity.
